Program Associate, Enroot

About AmeriCorps:

[AmeriCorps](#) is a national community service program that gives people an opportunity to apply their skills and ideals towards helping others and meeting critical needs in the community. The [AmeriCorps Ambassadors of Mentoring](#) is an AmeriCorps Program where members serve in mentoring programs across Massachusetts.

Organizational Description:

Mass Mentoring Partnership (MMP) is fueling the movement to expand empowering youth-adult relationships across Massachusetts. MMP serves hundreds of program partners statewide supporting thousands of youth in quality relationships. We work with mentoring programs and youth development organizations to assess programmatic needs and organizational capacity to provide customized strategies that strengthen youth, families, and communities.

Host Site Description:

Enroot is a nonprofit organization dedicated to empowering immigrant youth to achieve academic, career and personal success through inspiring out-of-school experiences. Through Enroot, students participate in 1:1 mentoring, 1:1 tutoring, professional internships, and workshops focused on postsecondary planning, career exploration, and community engagement. Our students are English Learners at Cambridge Rindge & Latin School or Somerville High School who come from over 30 different countries. Enroot's extensive out of school programming boosts academic achievement, increases self-confidence and self-advocacy, and helps students build professional skills to graduate from high school and successfully transition to college and career paths.

Position description:

The Program Associate will play a key role in leading two student cohorts at Enroot: the Explore Cohort and the Emerge Cohort. Emerge works with students who have left or are in the process of leaving the English Language Learner (ELL) system at Cambridge Rindge and Latin School. Working closely with the Program Manager and the Enroot team as a whole, they will lead the Cambridge and Somerville mentoring programs component and support the sites through data management, marketing, and co-facilitation of the weekly seminar. This position offers a meaningful opportunity to lead major program components at a growing nonprofit, build professional skills and experience with a supportive team, and work directly with immigrant high school students.
