

## AmeriCorps Ambassadors of Mentoring Program

### About AmeriCorps:

[AmeriCorps](#) is a national community service program that gives people an opportunity to apply their skills and ideals towards helping others and meeting critical needs in the community. The [AmeriCorps Ambassadors of Mentoring](#) is an AmeriCorps Program where members serve in mentoring programs across Massachusetts.

### Organizational Description:

Mass Mentoring Partnership (MMP) is fueling the movement to expand empowering youth-adult relationships across Massachusetts. MMP serves hundreds of program partners statewide supporting thousands of youth in quality relationships. We work with mentoring programs and youth development organizations to assess programmatic needs and organizational capacity to provide customized strategies that strengthen youth, families, and communities.

### Host Site Description:

The mission of St. Stephen's Youth Programs (SSYP) is to promote equity in education, employment and opportunities through long-term relationships with young people, families, and communities. We do this by developing the skills and leadership of the young people of the South End and Lower Roxbury neighborhoods of Boston and by providing them with a safe, challenging, and supportive environment in which they can thrive. This is reflected in the SSYP goal which is to develop circles of care around each young person and to build communities where all people feel safe, feel big, and feel connected. We are deeply committed to this equity work of increasing youth academic engagement and reducing the dropout rate; SSYP has been engaged in this work for eighteen years.

We offer year-round extended learning opportunities in neighborhoods throughout Boston and Chelsea. In the South End and Lower Roxbury, SSYP offers the B-READY afterschool programs every school day (2:30-7:30pm), the B-SAFE Program which is a six-week, full-day summer enrichment program, and regular weekend and vacation activities for youth. In the summer, we add four B-SAFE sites in Dorchester (2), Mattapan, and Chelsea. All the youth programs we offer include academic support, literacy improvement, science workshops, visual, media and performing arts, fitness, field trips and other enrichment activities. Our middle and high schoolers participate in the leadership training program and workshops on growth education, healthy relationships, 21st century skills, civic engagement, and more. Through the mentoring program, all middle and high school students have the opportunity to engage in one-on-one or group mentoring, focused on school success and college and career opportunities. During B-SAFE 2017, St. Stephen's served more than 640 youth in 13 programs; these programs were led by more than 90 adult staff and 140 teen staff.

Our B-SAFE summer program is supported by close to 800 volunteers from over 50 partner churches (mostly suburban Episcopal churches). During the B-READY afterschool programs of 2017-2018 we are serving 250 youth at two sites; these programs are led by more than 20 adult staff and 30 teen staff. During B-READY, our youth are supported by more than 150 volunteers who serve on a weekly basis; many come through local colleges including the CEP Program, Peace Through Play, Husky Volunteers, and Service-Learning programs of Northeastern.

### **Project Description:**

The Ambassador of Mentoring at SSYP will expand the current mentoring program and create supports to bring mentoring to all of our involved youth. By Coordinating the 150+ volunteer base, the AOM will increase the number of trained mentors in each program area (elementary school, middle school, teen employment, and alumni). They will create program activities to foster the circle of care, increasing the number of caring adults in the life of each young person, and help young people build essential leadership skills that will prepare them to succeed in high school and imagine themselves (and take action) as civic activists. The AOM will provide individual and group supports to help mentors and mentees build relationship skills, understand the Boston Public School system, and prepare youth for their college and career futures. The AOM will lead SSYP's efforts to ensure that all youth have access to age- and developmentally- appropriate mentorship that supports their develop of academic, professional, and organizational skills and builds the hope and imagination that will lead to full and successful lives. They will build relationships with young people in our program to ensure they are able to successfully match and support the mentoring pairs.

The Ambassador of Mentoring will serve on the "Main Office" team of twenty program staff, meeting with program leaders regularly to make program based decisions and support the success of every portion of the youth program. Specifically, the AOM will be working with the Sr. Manager of College Access & Success (to support mentors with the resources they need to help teens craft strong post high-school plans) and the three school year Site Managers (to help ensure that volunteers are trained and effectively supporting the youth programs). The AOM will coordinate and supervise all community, college, church, and organizational partner volunteers, ensuring they are trained and supported throughout their time as a volunteer.

### **Essential responsibilities:**

- Coordinate volunteers to increase the number of trained mentors in each program area (elementary school, middle school, teen employment, and alumni).
  - Actively manage volunteer database, tracking all year-long volunteers.
  - Manage existing partnerships with colleges, neighborhood associations, and volunteer organizations to ensure steady mentor recruitment.
  - Develop mentor/volunteer training curriculum to ensure all mentors have ongoing, developmentally appropriate, training and support.
  - Ensure that all mentors go through a SSYP specific orientation throughout the year.
- Create a system that fosters healthy adult-youth relationships and supports the ongoing development of mentoring pairs and groups.
  - Plan and implement developmentally appropriate activities, events, and trips for each program area, for youth and mentors to engage in together.
  - Foster the relationship of 1:1 pairs by creating individualized success plans.
  - Increase partnerships throughout the city to expand opportunities for mentor pair activities.
- Develop mentor/volunteer recruitment plan, application, intake, program placement and training series.
  - Attend recruitment fairs and build partnerships to ensure the program is reaching a diverse group of mentor candidates.
  - Design comprehensive application and intake form to assist with program and participant matching and placement.

- Support the implementation of the training series, focusing on youth development, racial equity and positive relationship building.
