

Highland Street AmeriCorps Ambassadors of Mentoring Program

AmeriCorps Ambassador of Mentoring (AOM)

About AmeriCorps:

[AmeriCorps](#) is a national community service program that gives people an opportunity to apply their skills and ideals towards helping others and meeting critical needs in the community. The [Highland Street AmeriCorps Ambassadors of Mentoring](#) is an AmeriCorps Program where members serve in mentoring programs across Massachusetts.

Organizational Description:

Mass Mentoring Partnership (MMP) is fueling the movement to expand empowering youth-adult relationships across Massachusetts. MMP serves hundreds of program partners statewide supporting thousands of youth in quality relationships. We work with mentoring programs and youth development organizations to assess programmatic needs and organizational capacity to provide customized strategies that strengthen youth, families, and communities.

Host Site Description:

Our mission is to close the opportunity divide for Latinas and other Women of Color by empowering them with the skills, confidence, and network necessary to thrive personally and professionally. We are an organization that works to provide greater access to higher education and careers for over 130 underserved Latinas and other Women of Color (ages 14-18) from resource-challenged neighborhoods in Boston, Lynn and Lawrence, MA. Through a network of accomplished multicultural adults, Chica Project empowers our girls to recognize their strengths and build the self-efficacy needed to graduate from high school, attend college and move on pathways to economic success. Since inception in 2011, 99% of Chica Project participants have graduated from high school and in 2017, we ensured that 95% (19 of 20) of our Senior girls went on to college. Our tremendous success is apparent when contrasted with statistics that show that one third of Latinos over 25 in Boston do not have a high school credential.

Project Description:

The AmeriCorps Ambassador of Mentoring (AOM) will take the lead on screening and reaching out to our pool of prospective mentors, but he/she will also work with our Executive Director (ED) in identifying and recruiting new mentors. A majority of our recruitment efforts are conducted by word of mouth, social media, and from supporters that have attended past events. The AOM would support us by streamlining the recruitment efforts and building a system to ensure a proper level of engagement and retention of volunteers. The AOM will be expected to present at community events, corporate events, and strategically leverage our database to recruit mentors. Additionally, the AOM will be serving in a leadership capacity. The AOM will be integrated into the larger culture of the organization by working with program staff, participants and volunteers. They will report, be supervised and supported by the ED.
