

AmeriCorps Ambassadors of Mentoring Program

Academic Mentor Specialist

About AmeriCorps:

[AmeriCorps](#) is a national community service program that gives people an opportunity to apply their skills and ideals towards helping others and meeting critical needs in the community. The [AmeriCorps Ambassadors of Mentoring](#) is an AmeriCorps Program where members serve in mentoring programs across Massachusetts.

Organizational Description:

Mass Mentoring Partnership (MMP) is fueling the movement to expand empowering youth-adult relationships across Massachusetts. MMP serves hundreds of program partners statewide supporting thousands of youth in quality relationships. We work with mentoring programs and youth development organizations to assess programmatic needs and organizational capacity to provide customized strategies that strengthen youth, families, and communities.

Host Site Description:

Jewish Family Service (JFS) of Metrowest is a non-profit social service agency based in Framingham, MA. JFS's mission is to provide vital social, health and community services to alleviate suffering, enhance lives, and support people in need. JFS provides services throughout Metrowest, primarily in Framingham and surrounding towns, and serves families across the life cycle, from young children to frail elders. Our programs include adoption services, family assistance programs, academic extended-day school programs, citizenship and refugee resettlement services, a range of services targeted to improving medical access, safety and social engagement of older adults, a number of basic need programs (Children's Clothing Closet, food security programs, etc.) intergenerational volunteer programs, and many others.

The Ambassador of Mentoring (AOM) at JFS will work directly with two extended day programs for elementary school children in Framingham. The AOM will work as part of a team to provide high caliber service to immigrant youth in our community. The AOM will recruit and train volunteer mentors to serve as role models and tutors for youth in the extended day programs and will provide on-site supervision and support to the mentors and mentees throughout the school year. The AOM will be responsible for formalizing this existing mentoring program through the creation and development of outreach and training plans, mentor manuals, mentor communication and mentor evaluation and feedback procedures. In addition to work with this existing mentoring program, the AOM will research and develop a proposal for a pilot to start a new mentoring program that can help follow students as they enter middle school in the 2020-2021 school year.
