

AmeriCorps Ambassadors of Mentoring Program

Mentoring Program Coordinator

About AmeriCorps:

[AmeriCorps](#) is a national community service program that gives people an opportunity to apply their skills and ideals towards helping others and meeting critical needs in the community. The [AmeriCorps Ambassadors of Mentoring](#) is an AmeriCorps Program where members serve in mentoring programs across Massachusetts.

Organizational Description:

Mass Mentoring Partnership (MMP) is fueling the movement to expand empowering youth-adult relationships across Massachusetts. MMP serves hundreds of program partners statewide supporting thousands of youth in quality relationships. We work with mentoring programs and youth development organizations to assess programmatic needs and organizational capacity to provide customized strategies that strengthen youth, families, and communities.

Host Site Description:

Benjamin Franklin Institute of Technology's mission is to empower students to reach their full potential through education focused on their professional aspirations and personal development. BFIT achieves this through a combination of hands-on learning, industry-informed curriculum, high expectations, and strong linkage to employers in growing technology industries. The college offers a supportive learning environment necessary for our students to be successful and find their path to good jobs. We consistently achieve a 90% placement rate after graduation.

Since 1908 BFIT's mission has helped youth and young adults from under resourced neighborhoods build careers in growing technology industries and achieve lasting economic security. The college's mission remains true to Benjamin Franklin's intent to establish a place for training good apprentices who would become good citizens. As good citizens, BFIT graduates help meet regional employer demand for skilled workers, contribute to the economy, and strengthen their communities.

The Mentoring Program Coordinator at the Benjamin Franklin Institute of Technology will develop, manage, and assess the college mentoring program. Initially the Coordinator will perform a needs assessment of the BFIT student population to determine the most appropriate mentoring framework that will best serve the college mission in preparing graduates for work, life-long learning, and citizenship. Based upon the environmental scan, the Coordinator will develop the mentoring program description, policies, objectives and outcomes. Volunteer recruitment, match support, participant feedback, and program assessment will be key aspects of the position. The Coordinator will be an active member of the Student Success team at BFIT, working closely with team members to gain insight and access to students through orientation, success workshops, weekly student review meetings, and regular interaction with student leaders.

Program Summary:

Twenty-Five AmeriCorps Ambassadors will complete a year of service from August 2019-June 2020.
