

## AmeriCorps Ambassadors of Mentoring Program

### Volunteer Mentor Coordinator

#### About AmeriCorps:

[AmeriCorps](#) is a national community service program that gives people an opportunity to apply their skills and ideals towards helping others and meeting critical needs in the community. The [AmeriCorps Ambassadors of Mentoring](#) is an AmeriCorps Program where members serve in mentoring programs across Massachusetts.

#### Organizational Description:

Mass Mentoring Partnership (MMP) is fueling the movement to expand empowering youth-adult relationships across Massachusetts. MMP serves hundreds of program partners statewide supporting thousands of youth in quality relationships. We work with mentoring programs and youth development organizations to assess programmatic needs and organizational capacity to provide customized strategies that strengthen youth, families, and communities.

#### Host Site Description:

The Haven Project was founded in 2011 to fill a gap in services for homeless unaccompanied young adults in the city of Lynn and surrounding areas. Our mission is to equip and empower north of Boston homeless unaccompanied young adults (ages 17-24) with the skills and supports they need to be safe and self-sufficient. Located in downtown Lynn, MA, we operate a drop-in center, a social enterprise ("Land of a Thousand Hills" coffee shop), educational services (including tutoring and supports to stay in high school), and other critical supports to give our clients the best chance at self-sufficiency and success. We currently provide direct services for 220 homeless young adults each year.

#### Position description:

The Haven Project is in the third year of developing a mentorship program unique to the needs of its target population – unstable homeless young adults in need of safe adult relationships. The Volunteer Mentor Coordinator will partner with Drop in Center staff and volunteers to maintain the momentum of this program while developing it further. The Volunteer Mentor Coordinator will support the design and development of the existing group mentoring opportunities and continue piloting one-to-one mentorship matches. They will support recruitment and training of sufficient volunteers to effectively maintain, as well as recruitment of mentees through outreach and connection with clients in the Drop in Center program. The project requires coordination of the creation of needed forms, written policies and procedures, as well as a volunteer handbook, among other peripheral hands-on and administrative tasks.
