At Mass Mentoring Partnership (MMP), we believe all young people have the right to access mentoring relationships with positive adults. In fact, young people (ages 5-24) in mentoring relationships for at least a year demonstrate healthier attitudes towards school and are more likely to apply to college and have fruitful careers.

On September 22nd, we will ride in the 28th annual Rodman Ride for Kids, a non-competitive 25, 50, or 100 mile cycling tour through gentle, rolling, scenic backgrounds of Southeastern, Massachusetts, with 100% of proceeds impacting kids.

By joining Team MMP, you will not only be a part of the nation’s largest single-day athletic fundraiser, but you will also support our work to ensure over 3,000 youth on the waitlists to be matched with a mentor at our mentoring program partner sites to help them thrive and build resilient communities.
